

Pronouns: She/Her, They/Them

## Education

- 2023 **Rutgers, The State University of New Jersey**,  
Ph.D. Physics and Astronomy.
- 2020 **Rutgers, The State University of New Jersey**,  
M.S. Physics and Astronomy.
- 2017 **Cal Poly Humboldt**,  
B.S. Physics with Astronomy Option, Minor in Applied Mathematics, with honors Magna Cum Laude.
- 2014 **College of the Redwoods**,  
A.A. in Science, Highest Honors.

## Research Interests and Areas

Galaxy Evolution, Galaxy Star Formation Histories, Spectral Energy Distribution Fitting, Photometric Surveys, Galaxy Environment, Low-mass Galaxies, Resolved Studies of Galaxy Star Formation, Observational Cosmology, Large Volume Surveys, Galaxy Interactions and Mergers

## Publications

### First Author and Major Contribution

- 2025 “**Searching Within Galaxies for the Earliest Signs of Quenching With Spatially Resolved Star Formation Histories in UVCANDELS**”, **Olsen, Charlotte**; Gawiser, Eric; Welker, Charlotte; Teplitz, Harry; Iyer, Kartheik; Wang, Xin; Rafelski, Marc; Windhorst, Rogier; Koekemoer, Anton; Alavi, Anahita; Sunnquist, Ben; Grogan, Norman; Guo, Yicheng; Conselice, Christopher; Yung, L.Y. Aaron; Nedkova, Kalina; Mobasher, Bahram; Lucas, Ray; Mehta, Vihang, Submitted to ApJ November 3 2025, arXiv:2511.02828.  
**35 pages 28 figures**
- 2023 “**Searching for Conformity Across Cosmic Time with Local Group and Local Volume Star Formation Histories**”, *Paper 2*, **Olsen, Charlotte**; Gawiser, Eric, The Astrophysical Journal, Volume 943, Issue 1, id.30, 12 pp. DOI:10.3847/1538-4357/acaa39.  
**14 pages 10 figures**
- 2021 “**Star Formation Histories from SEDs and CMDs Agree: Evidence for Synchronized Star Formation in Local Volume Dwarf Galaxies over the Past 3 Gyr**”, *Paper 1*, **Olsen, Charlotte**; Gawiser, Eric; Iyer, Kartheik; McQuinn, Kristen B. W.; Johnson, Benjamin D.; Telford, Grace; Wright, Anna C.; Broussard, Adam; Kurczynski, Peter, The Astrophysical Journal, Volume 913 DOI:10.3847/1538-4357/abf3c2.  
**25 pages 18 figures**
- 2021 “**Mock light-cones and theory friendly catalogues for the CANDELS survey**”, Somerville, Rachel S.; **Olsen, Charlotte**; Yung, L. Y. Aaron; Pacifici, Camilla; Ferguson, Henry C.; Behroozi, Peter; Osborne, Shannon; Wechsler, Risa H.; Pandya, Viraj; Faber, Sandra M.; Primack, Joel R.; Dekel, Avishai, Monthly Notices of the Royal Astronomical Society, Volume 502, Issue 4, pp.4858-4876 DOI: 10.1093/mnras/stab231.  
**22 pages 16 figures**

### Co-Authored

- 2026 “**Zippers and Twisters: Planes of Satellite Galaxies Emerge from Whirling and Shocking Gas Streams in the Cosmic Web**”, Madhani, Janvi P.; Welker, Charlotte; Nair, Sneha; Gallego, Daniel; Feliciano, Lianys; Pichon, Christophe; **Olsen, Charlotte**; Dubois, Yohan; Kaviraj, Sugata; Kraljic, Katarina, <https://arxiv.org/abs/2504.18515>.
- 2026 “**Building a culture of inclusion and allyship for queer astronomers**”, Brumback, McKinley ; Calahan, Jenny; Cox, Isa ; Cronin, Serena; Fan, Pinchen ; Ghosh-Coutinho, Ishan F. s; Kilmarrin, Iver Warburton ; Mao, Yao-Yuan ; **Olsen, Charlotte** ; Vrijmoet, Eliot Halley , 10.1038/s41550-026-02890-x.

- 2025 “**The Lyman Continuum Escape Fraction of Star-forming Galaxies at  $2.4 \leq z \leq 3.0$  from UVCANDELS**”, Wang, Xin; Teplitz, Harry I.; Smith, Brent M.; Windhorst, Rogier A.; Rafelski, Marc; Mehta, Vihang; Alavi, Anahita; Ji, Zhiyuan; Brammer, Gabriel; Colbert, James; Grogin, Norman; Hathi, Nimish P.; Koekemoer, Anton M.; Prichard, Laura; Scarlata, Claudia; Sunnquist, Ben; Arrabal Haro, Pablo; Conselice, Christopher; Gawiser, Eric; Guo, Yicheng; ... **Olsen, Charlotte**;..., The Astrophysical Journal, Volume 980, Issue 1, id.74, 22 pp..
- 2024 “**UVCANDELS: Catalogs of Photometric Redshifts and Galaxy Physical Properties**”, Mehta, Vihang ; Rafelski, Marc; Sunnquist, Ben; Teplitz, Harry I.; Scarlata, Claudia; Wang, Xin ; ... **Olsen, Charlotte** ..., 10.3847/1538-4365/ad7d8f.  
22 pages, 6 figures; accepted to ApJS; catalogs available via MAST
- 2024 “**The Ultraviolet Luminosity Function at  $0.6 < z < 1$  from UVCANDELS**”, Sun, Lei; Wang, Xin ; Teplitz, Harry I.; Mehta, Vihang ; Alavi, Anahita ; Rafelski, Marc ; Windhorst, Rogier A.; Scarlata, Claudia; ... **Olsen, Charlotte**..., 10.3847/1538-4357/ad5540, 17 pages, 8 figures, Accepted for publication in ApJ;.
- 2016 “**Exoplanet Research: Differential Photometry of Kepler 6b**”, Benson, G., **Olsen, C.**, Interdisciplinary Journal of Creative Works and Research from Cal Poly Humboldt, Volume 1, 2016.

### White Papers and Conference Proceedings

- 2023 “**Gender Inclusive Methods in Studies of STEM Practitioners**”, Kaitlin Rasmussen, Jocelyne Chen, Rebecca L. Colquhoun, Sophia Frentz, Laurel Hiatt, Aiden James Kosciesza, **Charlotte Olsen**, Theo J. O’Neill et al., <https://arxiv.org/abs/2307.15802>.
- 2022 “**From Data to Software to Science with the Rubin Observatory LSST**”, 10.48550/arXiv.2208.02781.
- 2020 “**Nonbinary Systems: Looking Towards the Future of Gender Equity in Planetary Science**”, Beck E. Strauss, Schuyler R. Borges, Thea Faridani, Jennifer A. Grier, Avery Kiihne, Erin R. Maier, **Charlotte Olsen**, Theo O’Neill, Edgard G. Rivera-Valentin, Evan L. Sneed, Dany Waller, Vic Zamloot, arXiv:2009.08247.

## Awards, Fellowships, Honors, & Grants

- 2023 **LSST DA Catalyst Fellowship**, *The Catalyst Fellowship is an independent postdoctoral fellowship for early-career researchers who aspire not only to conduct their own cutting-edge scientific research, but also to contribute to the the Rubin Observatory’s lasting legacy by building networks, learning and sharing skills, and cultivating practices that enable science with big data.*, <https://www.lsstcorporation.org/catalyst-fellowship/content/fellowship>.
- 2022 **Robert A. Schommer Prize**, *The Robert A. Schommer Prize is awarded to the one student who, in the collective judgment of the astrophysics faculty in the Department, has published the best first-author, refereed journal article in the field of astrophysics in the past two years* , <http://www.physics.rutgers.edu/grad/prizes/SchommerPrize.html>.
- 2022 **Noemie Koller Endowed Graduate Scholarship**, *The Noemie Koller Endowed Scholarship in the Department of Physics and Astronomy has been established with a gift from Prof. Koller. This gift was made based on her appreciation of the importance of financial assistance in attracting the best graduate students. The intent is to assist individual students and the department as a whole.* , <http://www.physics.rutgers.edu/grad/prizes/KollerScholarship.html>.
- 2021 **Chambliss Astronomy Achievement Student Awards**, AAS 238, The Astronomy Achievement Student Awards are given to recognize exemplary research by undergraduate and graduate students who present at one of the poster sessions at the meetings of the AAS, <https://aas.org/grants-and-prizes/chambliss-astronomy-achievement-student-awards>.
- 2020 **Rutgers Graduate Student Association Award for Excellence in Graduate Service**, *Recognizes a Rutgers University graduate student who demonstrates a tireless track record of service. Those honored have shown a selfless commitment to the betterment of their cohort, fellow graduate students, and/or the community as a whole, improving the livelihood of others while encouraging an environment of inclusivity and growth*, More at the GSA website.
- 2017 **AAS FAMOUS Travel Grant**, *The FAMOUS (Funds for Astronomical Meetings: Outreach to Underrepresented Scientists) Travel Grants Program awards money to attend an AAS meeting.*

- 2017 **Henry C. Torrey Fellowship**, *The Torrey award is awarded by the Physics & Astronomy department to the most outstanding entering graduate students..*
- 2017 **Rutgers Excellence Fellowship for doctoral study in Physics and Astronomy**, *The Rutgers Excellence Fellowship is awarded by the School of Graduate Studies (SGS) to outstanding students entering doctoral study at Rutgers .*
- 2017 **Cal Poly Humboldt Physics and Astronomy Department Award for Outstanding Service to the Physics & Astronomy Community**, *Inaugural award given to the graduating student that according to the department demonstrated exceptional leadership and mentorship..*

## Leadership & Professional Service

- 2022–2027 **AAS SGMA Committee Member**, *The AAS Committee for Sexual-Orientation and Gender Minorities in Astronomy (SGMA) works to promote equality for sexual-orientation and gender minorities (SGMs) within our profession, including those identifying as lesbian, gay, bisexual, transgender, intersex, questioning or queer, or asexual. SGMA works to end hiring and workplace discrimination on the basis of sexual orientation and gender identity or expression; eliminate the inequalities in compensation experienced by SGMs; create a professional climate that respects and values diversity; serve as a conduit for communication between the AAS Council and the SGM community; support networking and peer mentoring among SGMs; and provide resources to support SGM equality within the astronomical profession. .*
- 2023– **Referee for Astrophysical Journal (ApJ).**
- 2022– **Referee for Monthly Notices of the Royal Astronomical Society (MNRAS).**
- 2021–2022 **Rutgers PreDoctoral Leadership Development Academy Fellow**, *The PreDoctoral Leadership Development Academy (PLDA), is a one year program designed to provide doctoral students from a broad array of academic disciplines with the supplemental knowledge and skills needed for academic and administrative leadership roles. PLDA Fellows have an opportunity to develop a deeper understanding of the challenges confronting higher education, foster engagement with university strategy, enhance their leadership competencies, and strengthen their network of colleagues , <https://ol.rutgers.edu/programs/plda/>.*
- 2021–2023 **Graduate Studies and Life Committee Member**, *The GSLC is a departmental committee made of the Graduate Program Director, and two graduate students. Its purpose is to supervise the operation of the graduate program, including advising graduate students, considering complaints, problems, and suggestions, recommending changes in the program, and recommending changes in the status of individual students..*
- 2020–2023 **Graduate Student Physics Department Union Representative**, *Grad student representative for the AAUP-AFT for Rutgers. This position requires participation in the contract bargaining process, as well as communicating union business to the other graduate students in the department. Most importantly, my role allows for me to communicate the needs of the Physics & Astronomy graduate students to our union.*

## Presentations & Talks

### Invited Talks

- April 2026 **Columbia University Pizza Talk**, *Whiteboard lecture on spatially resolved star formation histories.*
- March 2026 **CCA Galaxy Formation Meeting**, *The Earliest Quenching in Star-Forming Galaxies Found With Spatially Resolved Star Formation Histories .*
- March 2026 **Catalyst Alliance Meeting**, *Finding Early Quenching in Star-Forming Galaxies Found With Spatially Resolved Star Formation Histories .*
- October 2025 **Astronomy Society of New York Fall Meeting**, *Quenching, Bursting, Growing, and Changing: Using Galaxy Star Formation Histories to Explore Internal and External Factors that Influence Galaxy Evolution.*
- September 2025 **LSST@Europe7**, *The creation of a multiscale Rubin community in the New York Metro area through outreach, education, and collaboration.*
- April 2024 **University of Maryland Department of Astronomy Colloquium**, *Exploring environment and galaxy evolution with dwarf galaxy star formation histories.*
- February 2024 **New York City College of Technology Seminar**, *Exploring the role of environment on galaxy evolution through galaxy star formation histories.*
- February 2024 **Cal State LA Colloquium**, *Learning From the Little Ones: Tracing Galaxy Evolution Over Cosmic Time With Low Mass Galaxies in the Era of Large Surveys.*
- March 2023 **University of Michigan Galaxies Meeting**, *Galaxy Star Formation Histories as Spatio-Temporal Probes of Environment.*
- February 2023 **Franklin & Marshal Colloquium**, *Galaxy Star Formation Histories as Spatio-Temporal Probes of Environment.*

- December 2022 **CANUCS Science Meeting**, *Synchronized Star Formation and Conformity Across Cosmic Time with Local Volume Star Formation Histories*.
- November 2022 **Stanford KIPAC tea**, *Synchronized Star Formation and Conformity Across Cosmic Time with Local Volume Star Formation Histories*, Invited Talk.
- November 2022 **Dartmouth Astro Seminar**, *Synchronized Star Formation and Conformity Across Cosmic Time with Local Volume Star Formation Histories*, Invited Talk.
- November 2022 **Princeton Galread**, *Conformity Across Cosmic Time with Local Volume Star Formation Histories*, Invited Talk.
- October 2022 **Yale Galaxy Lunch**, *Conformity Across Cosmic Time with Local Group and Local Volume Star Formation Histories*, Invited Talk.
- September 2022 **Space Telescope Science Institute Galaxies and AGN Journal Club**, *Searching for Conformity Across Cosmic Time with Local Group and Local Volume Star Formation Histories*, Invited Talk.
- September 2022 **U Delaware Colloquium**, *Searching for Conformity Across Cosmic Time with Local Group and Local Volume Star Formation Histories*, Invited Talk.
- September 2022 **CCA Galaxy Formation Group**, *Searching for Conformity Across Cosmic Time with Local Group and Local Volume Star Formation Histories*, Invited Talk.
- July 2022 **Pan-Survey SED Forum: spectral energy distribution modeling for galaxy evolution studies with surveys in the JWST era**, *SFHs from color-magnitude diagrams, the Galaxy perspective*, Invited Talk.
- April 2022 **Physics & Astronomy Equity & Inclusion Journal Club**, *"Burnout or Breakthrough? Exploring the Psychological Cost of Academia on Grad Students"*, Invited Talk.
- December 2021 **Roman Virtual Lecture Series**, *Star Formation Histories from Spectral Energy Distributions and Color Magnitude Diagrams Show Synchronized Star Formation amongst Local Volume Dwarf Galaxies*, Invited Talk.
- September 2021 **Penn State Lunch Talk**, *Star Formation Histories from Spectral Energy Distributions and Color Magnitude Diagrams Show Synchronized Star Formation amongst Local Volume Dwarf Galaxies*, Invited Talk.
- June 2021 **CANDELS SED fitting Telecon**, *Star Formation Histories from SEDs and CMDs Agree: Evidence for Synchronized Star Formation in Local Volume Dwarf Galaxies over the Past 3 Gyr*, Invited Talk.
- June 2021 **Princeton Galread Extragalactic Discussion Group**, *Star Formation Histories from SEDs and CMDs Agree: Evidence for Synchronized Star Formation in Local Volume Dwarf Galaxies over the Past 3 Gyr*, Invited Talk.
- May 2021 **CCA Galaxy Formation Group**, *Synchronized Star Formation in Local Volume Dwarf Galaxies*, Invited Talk.
- February 2021 **Cal Poly Humboldt Physics & Astronomy Invited Speaker Seminar**, *The Secret Lives of Galaxies*, Invited Colloquium.

### Recent Contributed Talks

- June 2026 **LSST Galaxies Science Collaboration**.
- May 2026 **LSST Northeastern Regional Meeting**, *Resolved Star Formation Histories as a Sensitive Probe of Environmental Interaction*.
- October 2025 **Catalyst Symposium**, *Quenching, Bursting, Growing, and Changing: Using Galaxy Star Formation Histories to Explore Internal and External Factors that Influence Galaxy Evolution*.
- September 2025 **LSST@Europe7**, *Tracing the coevolution of galaxies and cosmic structure with LSST*, Poznan, Poland.
- July 2025 **GalRes25**, *Mapping Galaxy Evolution Through Spatially Resolved Star Formation Histories Using UVCANDELS*, Garching, Germany.
- July 2025 **Pan Survey SED fitting forum**, *Giving it time: Lessons from the evolution of the resolved SFR-M\* correlation using UVCANDELS SFHs*, Remote.
- October 2024 **LSST DA Catalyst Symposium**, *Using galaxies in LSST to explore the nature of the cosmic web – from undergrad to the edge of the observable universe*, Northwestern University.
- September 2024 **LSST Europe 6**, *Using galaxy star formation histories to trace the coevolution of galaxies and cosmic structure with LSST*, La Palma, Spain.
- April 2024 **Diffuse Cosmic Backgrounds and the Low Surface Brightness Universe – Aspen**, *Finding Filamentary Fingerprints in Galaxies with Deep Rubin Imaging*.
- January 2024 **AAS 243 Winter Meeting**, *Using Spatially Resolved Star Formation Histories in UVCANDELS to Trace the Evolution of the Resolved Star Formation Rate - Stellar Mass Correlation*, New Orleans, LA.

- October 2023 **LSST DA Catalyst Symposium**, *Finding Your Friendly Neighborhood Filaments with Galaxy Star Formation Histories in LSST*, Tucson, AZ.
- July 2023 **Galactic Frontiers: Dwarf Galaxies in the Local Universe and Beyond**, *Dwarf Galaxy Star Formation Histories as a Tracer of Environmental Factors over Cosmic Time*, University of Chicago.
- April 2023 **Queer and Allied Scientists At Rutgers (QUASAR) Symposium**, *Using star formation histories to see how environment shapes galaxy evolution*, Dwarf Galaxy Star Formation Histories as a Tracer of Environmental Factors over Cosmic Time, Rutgers University.
- March 2023 **The Local Local Group Group (L2G2) Meeting**, *Spatio-temporal Correlations in Local Volume Galaxy Star Formation Histories as a Novel Probe of Environment*, Columbia University.
- January 2023 **AAS Winter meeting**, *Dissertation Talk*, Spatio-temporal Correlations of Galaxy Star Formation Histories, Seattle, WA.
- January 2023 **AAS Winter Meeting**, *UVCANDELS Special Session*, Reconstructing Spatially Resolved Star Formation Histories with UVCANDELS, Seattle, WA.
- July 2022 **A Comprehensive View of Galaxy Evolution From The Milky Way To I Zwicky 18**, *Synchronized Star Formation and Conformity in Local Volume Dwarfs*, Contributed Talk, Sexten, Italy.
- June 2022 **AAS Summer Meeting**, *Searching for Conformity Across Cosmic Time with Local Group and Local Volume Star Formation Histories*, Contributed Talk, Pasadena, CA.

## Outreach and Leadership

- 2021–2023 **Officer of Graduate Studies and Life Committee**, *The GSLC is a departmental committee made of the Graduate Program Director and two graduate students.*
- 2022–2023 **Outreach to New Brunswick Magnet Health Sciences High School.**
- 2020–2021 **Organizer for the Astronomy group weekly Journal Club.**
- 2020–2023 **grad student representative for the AAUP-AFT for Rutgers.**
- 2019–2020 **Member of the Rutgers Graduate Student Association Mental Health Committee.**
- 2019–2020 **Physics and Astronomy Graduate Student Organization Co-President.**
- 2018–2022 **Outreach to New Brunswick Middle School through Nature thru Nurture (NtN) After School Program.**
- 2019–2022 **Rutgers Physics and Astronomy Near-Peer Mentorship Program Mentor.**
- 2020 **Graduate Co-Chair of Rutgers University Minorities in Physics and Astronomy group (RU-MIPA).**
- 2018–2019 **Graduate Co-Chair of Rutgers University Women in Physics and Astronomy group (RU-WIPA).**
- 2016–2017 **Outreach to Continuation and Community Schools.**
- 2016–2017 **NASA Space Public Outreach Team (SPOT) Ambassador.**

## Teaching & Professional Development

### Adjunct Assistant Professor

- 2025 **Teaching Physics 1000 – Physics of the Universe**, *New York City College of Technology*, Teaching General Physics for Non-Majors, Duties include writing effective lectures, development of curriculum, adaptation of novel research based pedagogy, syllabus development, course instruction, maintaining grade books, and submitting grades.
- 2025 **Teaching Physics 1117L – Astronomy Lab Section**, *Lab for majors and non-majors*, Duties include lab set up, lesson planning, grading etc..
- 2024–2025 **Teaching Physics 1433L – Introductory Mechanics Lab**, *New York City College of Technology*, Teaching Algebra Based Physics I, Duties include course instruction, maintaining grade books, and submitting grades.

### Graduate Teaching Assistant

- 2020 **TA Grading Physics 341 & 442**, *Rutgers, The State University of New Jersey*, Duties, Grading for junior and senior level astrophysics classes.
- 2019 **Teacher's Assistant Byrne Seminar:RU-PREP**, *Rutgers, The State University of New Jersey*, Duties, The Rutgers Undergraduate Pipeline to Research & Education in Physics (RU-PREP) seminar is an intensive 10 week course intended to provide coding and critical thinking tools to prepare first generation physics majors for research experience..
- 2019 **Lab Teacher's Assistant Physics 205 – Introductory Mechanics Lab**, *Rutgers, The State University of New Jersey*, Duties, Ran labs for introductory physics courses.

- 2019 **Developing Educational Leaders among TAs in Physics (DELTA-P)**, *Certificate of Training in Physics Education*.
- 2018 **Teacher's Assistant Physics 115 – Remedial Mechanics Recitation for Engineering Students**, Rutgers, The State University of New Jersey, *Duties*, Held recitations for the Extended Analytic introductory physics course for Engineering students in need of math remediation.
- 2018 **Lab Teacher's Assistant Physics 206**, Rutgers, The State University of New Jersey, *Duties*, Ran labs for introductory physics courses.
- 2018 **Seminar In Graduate Mentoring in Astronomy and Physics (SIGMA-P)**, *Certificate of Training in Physics Mentoring*.

## Mentoring Research

- 2024- **Ena Chia**, *Using resolved SFHs to constrain stellar migration and mixing in Milky Way type galaxies*.
- 2024- **Samiya Shamsur**, *Connecting morphology to environment in LSST*.
- 2023-2025 **Manuel Ramirez**, *Investigating the Behavior of Dwarf-hosting Cosmic Filaments in Regions of Average Density*.  
co-mentored with Charlotte Welker
- 2024- **Sarah Draves**, *Finding Filaments in LSST data*.  
co-mentored with Charlotte Welker

## Career

**Thyra Eysselinck**, Career Mentor through the CUNY MS program.

## Peer

- 2017-2023 **Grad Peer Mentor**, *After establishing a peer mentoring program in grad school I went on to officially mentor six more junior grad students*.
- 2025 **CCA/AMNH Mentor training**, *Helped run a mentor training program for mentors of summer students from the CCA, AMNH, Columbia, and CUNY*.

## Media & Public Engagement

- April 2026 **New York Times “How Scientifically Accurate is ‘Project Hail Mary?’”**, *Interviewed for the arts section of the NYT about the movie Project Hail Mary*.
- November 2025 **The Liuniverse Podcast**, Interview about research and discussion about Black Holes.
- June 2025 **Astronomy on Tap NYC, Is Space Gay? And the Need for Gay Spaces**, Public talk for pride month.
- June 2024 **Interviewed for "How researchers navigate a PhD later in life" a Nature magazine article**, <https://www.nature.com/articles/d41586-024-02109-x>.
- November 2022 **Telescope night at the Clarence Dillon Public Library**, *Taught families how to use the brand new telescope the library had acquired for loan*.
- August 2022 **The Astro Show, Video Show by Wyoming Stargazing**, Guest speaker, Showcased research for a call in crowd of amateur astronomers and astronomy enthusiasts alongside regular scientist hosts.
- January 2022 **Assigned Scientist at Bachelors (ASAB) Podcast**, *On Space*, Special Guest, ASAB is a podcast by and for trans and nonbinary scientists. As a special guest I talked about my career path, my identity, and my science..
- June 2021 **The Tundra, Beyond Space**, Video Podcast, Special Guest.
- July 2021 **Astrobits, Queer Astronomy Pt 1 & 2**.
- May 2021 **Press Release, 36 Dwarf Galaxies Had Simultaneous "Baby Boom" of New Stars**, Translated into dozens of languages and picked up my Sky & Telescope.

## Other Interests

- playing electric bass
- community volunteer work
- Leicester City Football Club
- collecting records and books
- listening to live music
- running
